CANAL COMMISSION RETURNS FROM TRIP

Construction Work on New York Canals Viewed

ATTEND CANAL OPENING

Members of Commission Entertained by August Belmont—People Patriotic

After an inspection trip of two weeks of New York state canal and a visit to the Cape Cod canal, where they attended as invited guests its formal opening, the Ohio River and Lake Erie Ship Canal commission has returned. In the party were Tom P. Sloan of Charleroi, who is a member and treasurer; W. A. Magee, president of the commission, James A. Chambers, T. W. Symonds and A. S. McSwigan, together with the secretary, Charles Lancaster.

First the party went to Buffalo and inspected the Welland canal connecting Lake Ontario and Lake Erie. This canal is being constructed for the fourth time with money voted by the people of the state of New York. Then a trip was taken along the Erie canal connecting Buffalo and Albany and from there a trip was taken over the Champlain canal, which connects the Erie canal with Lake Champlain. Thus a continuous waterway will be afforded when all the work is completed leading from Lake Ontario to Lake Champlain.

The party visited in New York and went to Boston. After stopping there a short time, on July 29 the commission attended the opening of Cape Cod canal as guests of August Belmont, president of the company. They were taken on board the steamer "Rose Standish," at New Bedford, Mass. The canal dedication ceremonies completed the party left for home arriving Friday.

The inspection trip was taken with a view of learning first hand facts in connection with the building of New York state canals. People in New York state are confident of the coming usefulness of their barge canals and without question have voted the millions necessary to complete them.

CHARLEROI AND DUNLEVY MEET IN GAME TODAY

Charleroi and Dunlevy baseball teams of the Monongahela valley league will be the attraction this afternoon at the local baseball park. Swaney of Kelleway will probably occupy the mound for Charleroi, with Cratty catching.

Fayette City is playing at Roscoe and Monessen at Belle Vernon this afternoon. Roscoe seems to be gaining strength and there is a chance that Fayette City may go down to another defeat.

Glass Men on Vacation

Ball Game and Picnic Features That Mark Beginning of Month's Rest

Employees at the Imperial Bottle factory started their August vacation today with a baseball game and a picnic. The baseball game took place at the local ball park between the "small tank" men and the "big tank" men. The "small tank" men won by the score of 8 to 6. Monk and Sample composed the battery for the winners and Scheiler, Patrick and Butz composed the battery for the losing side. The picnic today is being held on the Moreau farm back of Speers, and a variety of amusements has been provided. For one month the Imperial factory will be closed down in accordance with an agreement in effect with the Green Glass Bottle Blowers' Union.

DOG DAY ARRIVES

Goodbye Fido Now if He Does Not Wear License Tag

CONSTABLES WILL KILL

Friday was the last day of grace for the unfortunate canines in Washington county for which no county license has been paid. Beginning with daylight this morning many of the faithful creatures are being sent to the happy hunting ground.

There will be a puff of smoke from a revolver in the hand of a constable and one more dog will fall dead. The constable will have made one dollar and saved himself from paying a fine of two dollars.

Notices have been sent to every tax collector and constable in the county instructing them as to their duty in the matter. Many useless tramp dogs will be put out of the way.

The constables have recently received the following notice: To The Constables: For your information in the matter of killing dogs we would suggest the following:

Do not kill a dog that is wearing a tag for either of the years 1911, 1912, 1913 or 1914 unless the owner gives his permission.

Do not go on the premises of any person to kill a dog without the permission of the owner or lessor of the premises. Do not kill a dog without first having received notice from a tax collector to kill that particular dog and be sure you are killing the right dog. When in doubt the safest thing for you is not to kill the dog.

Very truly yours, County Commissioners.

TAX LEVIES HIGH IN PARTS OF THE COUNTY

Charleroi Millage at 26 3-4 Among Average in Leading Communities—Growing Boroughs Show Heavy Taxation

H. R. Campbell, chief clerk to the county commissioners, is preparing for the state department a statement of the taxes collected in Washington county for the year 1913.

By making comparisons it may be seen that Charleroi does not have the highest tax levy in the county, but that the Charleroi rate is among the highest. The amount of tax collected in the district does not mean so much, but the millage is what the taxpayer is interested in.

The following is the millage in some districts: Charleroi, 27 3-4; North Charleroi, 32 3-4; Donora, 29 3-4; Monongahela, 25 3-4; California, 29 3-4; Coal Centre, 17 3-4; Elco, 22 3-4; Ellsworth, 33 3-4; Fallowfield, 12 3-4; New Eagle, 19 3-4; Roscoe, 27 3-4; Stockdale, 22 1-4; Twilight, 12 1-4; West Brownsville, 24 1-4; Bentleyville, 22 3-4; Washington, 26 3-4; McDonald 31 3-4; Allen, 25 3-4; Carroll 17 3-4.

WARNING ISSUED BY THE POLICE

Snipe Hunting Expeditions Must Stop, States Chief-Albright

Chief of Police C. W. Albright has issued a warning to those who have been taking part in the so-called "snipe hunting" expeditions of the last few days. He says the practice must be stopped.

He said that it was known an affair Thursday night had been pulled off within the borough limits and that there were between 15 and 20 shots fired. Many of the persons who took part in it are known. The next time that it happens in the borough the chief states an investigation will be made and the person carrying the gun will be arrested and taken before the justice charged with carrying concealed weapons. The minimum fine for this is \$50, and at the discretion of the court the guilty party may be sent to jail for 30 days. Plain clothes men may be employed as a final resort.

MALE CHORUS IS ORGANIZED

With about 30 members, what will be known as the Fayette City male chorus has been organized. Officers of the newly formed organization are: President, James Maude; vice president, Palmer Ashton; secretary, Wilbur Evans; treasurer, Joseph Croushore. Within a short time an instructor will be secured and rehearsals started about the first of September. Later concerts will be given.

WINDOW GLASS PLANT AT MONONGAHELA TO START

Repairs at the Wrightman plant of the American plant of the American Window Glass company are nearing completion. The fires under the tanks will be started about the middle of this month. The factory has been closed down for several months during which the entire factory has been repaired and remodeled.

The second of a series of meetings in the Pines of the Women's Christian Temperance Union will be held Tuesday afternoon at 2:30 o'clock.

CHILD'S PLAY CAUSE OF FIRE

Believed That Youngster's Fun With Matches Started Morning Blaze

The fact that a child had been allowed to play with matches is believed to have been the cause of a small blaze at the home of Frank Columbus at 616 McKean avenue this morning at about 10 o'clock. The fire when discovered after a lace curtain and the scarf on a dresser had become inflamed. It was extinguished before the fire department arrived. The fire occurred at the front window on the second floor of the building directly over Frank Columbus' pool room. Aside from burning the curtain and scorching the end of the dresser no damage was done. Burned matches were scattered over the floor and a partly filled open match box was lying on a stand.

COUNTY JAIL WELL FILLED

The Washington county jail at the present time has the largest number of inmates it has contained this year. Friday night the blotter in the jail office showed that the big, stone building was housing a total of 115 prisoners. Of this number 17 are women.

The unusual number of prisoners in the jail has made necessary "doubling up" in some of the cells in the "big jail." Two wings are devoted to the accommodation of the women imprisoned while two more wings house the work gang. This leaves two wings vacant but at present this space is being used for storage of bedding and other articles.

As is usual when there is a large number of prisoners in the jail the majority of the charges are for selling liquor without license. Probably next in the list as far as frequency is concerned comes the charge of desertion and non-support.

The Crouch family reunion which is an annual affair of the Monongahela section and which creates no little amount of interest will be held at Olympia park on August 7. The Crouch family is one of the oldest in the Monongahela vicinity.

FIRST UNION SERVICE TO BE HELD ON SUNDAY

Will Study Cooperation

Merits of Plan Abroad to be Gone Over by August Mahieu, Who Leaves Soon

August Mahieu, manager of the Charleroi Progressive Co-operative association, has resigned to take a trip to Europe. Besides seeing his parents, his purpose is to make a study of the co-operative movement in France, England and Belgium. He will make a special study of the detail work of branch and central offices, as well as relations between the membership and their officers. Mr. Mahieu feels that the growing sentiment in favor of co-operation in the United States needs the guidance and experience of those older in the movement necessary to their continued success. L. H. Richards of Monessen will succeed him as manager of the local association.

Rev. John R. Burson to Preach at First Christian Church

PROGRAM IS ANNOUNCED

Meetings to be Held at Various Churches Sunday Evenings Throughout August

The first of a series of five union services, which are to be held in the Charleroi churches during the month of August will be held at the First Christian church, on Fallowfield avenue Sunday evening. Rev. John R. Burson, pastor of the Washington Avenue Presbyterian church will deliver the sermon. Special music has been arranged for this service.

These union services will continue throughout the month of August as several of the ministers are planning to take vacations and many other church members will be out of town during the month. The plan of the union services was instituted last year and met with much favor.

On August 9, Rev. E. N. Duty, pastor of the First Christian church, will preach at Christ Lutheran church. On August 16, Rev. C. P. Bastian, pastor of the Christ Lutheran church will preach at the Methodist Episcopal church and on August 23, Rev. W. C. Cari pastor of the First Baptist church will preach at the First Presbyterian church. The last of the union Sunday evening services will be held on the evening of August 30, when Rev. F. A. Richards pastor of the First Methodist Episcopal church will preach at the Washington Avenue Presbyterian church.

COAL MUCH IN DEMAND

War Abroad May Affect Industry in Monongahela Valley

HEAVY ORDERS PLACED

It is said that the European wars will help the Pittsburg coal trade, and in that way all the mines in the Monongahela valley will be benefited. Various mines in this vicinity have been shut down for several weeks, but it is believed that they will start before long if the situation in Europe remains in a warlike state.

The United States has already been called upon to furnish coal to the warring nations of Europe and if the conflict continues the Pittsburg coal trade will be boomed. About 30,000 tons of Pennsylvania coal have been shipped to Italy and 40,000 tons to Austria, for naval purposes. A contract is now being filed at the seaboard for 50,000 more and another order for 50,000 tons to go abroad is awaiting shipping orders.

Altogether this country has been called upon to supply 170,000 tons of coal for naval purposes. This amount is small compared to what will be needed if a peaceful settlement is not soon reached, the coal men say. Italy is said to be wholly dependent on outside nations for its coal supply, and Austria is not much better off. England, it is believed will also place orders here.

ODD FELLOWS ENJOY OUTING DOWN RIVER

About 3,000 Odd Fellows from the Monongahela valley attended the seventh annual outing of the Monongahela Valley Independent Order of Odd Fellows picnic association at Kenneywood park Friday.

A popular man at the picnic was George L. Bayha, aged 77 years, the oldest Odd Fellow in the valley. He joined the organization 50 years ago.

The 100 yard egg and spoon contest for women was won by Miss Hot of Charleroi. In the first of the tug-of-war, Monongahela defeated Roscoe. In the second heat Charleroi was defeated by Monessen and in the third heat Monessen defeated Monessen. A game was played by teams from the west and east sides of the river. The west side team won 10 to 4.

PROSPEROUS PENNSYLVANIA

What Pennsylvania has done for herself under the latest Republican administration since 1861 is briefly summed up in a recent report of the census bureau which asserts that Pennsylvania is now the only state in the Union free of debt, regardless of the Washington Record. This significant fact seems to have been entirely overlooked by the friends of the Democratic state platform when they declared that Pennsylvania is the most flagrant example of mismanagement in all the Union. How it is possible for a state to be at once the worst governed and the most prosperous of all the states of America is a matter of which it will be difficult for the average citizen to be convinced.

At the opening of the Civil war when the first Republican governor was seated Pennsylvania had a debt of forty millions. To this was added Pennsylvania's share in the tremendous cost of the war. Notwithstanding that certain tax measures and sources of revenue were gradually abolished because they were considered burdensome to the people and notwithstanding also that state appropriations for education, charities and other purposes were increased from thousands in the early sixties to millions in later years this enormous public debt has been entirely paid off. Pennsylvania wants more of such "misgovernment." If this proud record of prosperity is the result of "misgovernment" the whole country should be benefited by the Pennsylvania brand of rule. And, incidentally, it should not be forgotten that of the thirteen governors this state has had since 1861 twelve were Republicans.

FOREIGNERS SAFE HERE

Foreigners in the United States who have taken the vow of citizens and are here. They do not have to respond to any call to arms from any country excepting this. The matter is discussed as follows by an ex-changer:

"From Altoona comes the news that more than 105 persons of foreign birth who have formally and according to law declared their intention of becoming citizens of the United States are disturbed in mind as to whether they can be compelled to return to their respective countries to do military service. They should be reassured and so should all other foreigners.

The men in Blair county who are in a disturbed state over the prospect of the Austrians, Hungarians, Italians, Germans, Russians and Servians. Not only is it true that they cannot be compelled to respond to a military call from abroad, but no foreigner, whether he has declared intention to become a citizen of this country, or whether he hasn't, can be compelled to respond to a summons from the country of his origin to fight the battles of its fool statesmen and rulers any more than he can be compelled to pay taxes to it on property owned in their country.

BARBARISM

Above all it is hoped the present European trouble is settled without more bloodshed than there already has been. All along we have been considering ourselves advanced beyond the point where, barbarically, we feel it necessary to kill and destroy to gain our ends. Yet there are some of the leading nations of the world preparing for bloodshed. It is a terrible indictment on the civilization of the world.

statesmen and rulers possessed of instincts of greed rather than instincts of humanity, common sense and patriotism, side up a fast and drive their subjects to carnage in the name of patriotism. It is not patriotism to demonstrate the power of a state, to create poverty, make widows of women and orphans of children. This is what was done. Penna. the only state of the Union is bankrupt. It is what they call a "poorhouse" state. It is what they call a "poorhouse" state. It is what they call a "poorhouse" state.

PICKED UP IN PASSING

A "theater" car conductor had taken up the fares and the passengers had not yet paid, according to an exchange, a man with a determined look on his face arose and made his way to the rear platform and said to the conductor:

"Sir, I was in this town 10 years ago."

"Yes?"

"I rode on this very car."

"Yes?"

"You were then a conductor that day."

"Yes?"

"I gave you a quarter when you came for my fare, and you handed me back four nickles."

"That was right."

"But it wasn't right. Those nickles were fake counterfeits. See—here they are. I have kept them ever since. I knew that I should be here again some day."

"Oh, then you are the man," replied the conductor. "You gave me a counterfeit quarter. See—here it is. I have kept it, hoping you would ride on my car again some day."

"Sir," said the passenger.

"Sir," said the conductor.

"Sir, this is what they call a curious coincidence."

"It is, sir."

"And here's a cigar to smoke when you are off duty, and I will return to my seat. If another coincidence should arise—"

"Ten years hence? I understand, sir. We shall both be prepared."

In the August Woman's Home Companion appears an interesting page entitled "Good Times That Cost Next to Nothing," in which various resourceful persons tell how they have enjoyed happy vacations. A Michigan woman contributed the following:

"My husband has a motorcycle and in the town we had an old buggy. We hitched the motorcycle to the buggy and took trips in this queer vehicle every weekend. In August we took a longer vacation, going to visit in another state and just darning along as we pleased. My husband rode the machine and the children and I, with a small amount of baggage were piled in the buggy. We took folding canvas cots and a hammock and spent each night in the open."

The Hague—"Officer, call a cop." The opinion holds that all Europe wants to lick somebody.

"Owing to the wicked boss rule of Pennsylvania," says the Boston Transcript, "we note that Pennsylvania is the only state in the Union that is absolutely clear of debt."

There is a well substantiated belief that all the feeling will not be done toward Europe, but that some of it might come toward America.

And just think, we have been calling this baseball contention war, when now it won't even hold water as a peace conference.

Fayette City's opinion of Charleroi justice is that it is hardly thing to have around.

The most disquieting part of it is that a French jury doesn't seem to consider it a crime to shoot an editor.

"Go home and fight" was the astonishing advice the Connellsville Mayor extended to an offender before him. The man was an Austrian.

It seems the only Pittsburghers who can pitch are those who Pittsburgh thought couldn't.

THREE SEEK SEPARATION BY DIVORCE

Three divorce proceedings were filed today from Charleroi. The first two cases are one husband and one wife seeking to be released from their marriage bonds.

John H. Colburn of Charleroi, has filed a suit against his wife, Sarah C. Colburn. Duration is the cause assigned. They were married January 17, 1908 and separated April 15, 1912.

Stella Wabbits of Conansburg is seeking separation from her husband, John Watkins. She alleges cruel and barbarous and inhuman treatment. She and her husband separated in February, 1912.

Marie L. Rotunda who was married to Domenico Rotunda of Charleroi township, October 10, 1893, seeks to be free again. She alleges desertion. They separated March 4, 1900.

FAYETTE CITY MAY GET HIGH SCHOOL; STATE HAS PLANS

For the first time in the history of Fayette City, the town is to have a high school department in her public schools, providing however that the papers are approved by State School Superintendent Nathan Schaffer of Harrisburg to whom the application was sent some days ago.

The plan is to have a joint arrangement with Washington township, which has had a high school department for some years, whereby scholars of that township will attend school at the Fayette City building, being centrally located for all concerned.

Scholars finishing their common school education in Fayette City have always been compelled to attend a high school either in Washington township, Belle Vernon or Charleroi at the expense of which must be paid by the Fayette City school.

If Superintendent Schaffer approves the application, the school board will remodel a couple of the rooms in the present building to take care of the higher grades. Dr. A. Edward Hamer, the present principal of the schools, teaching the scholars of this town and Miss Olive Rhodes, the recently elected teacher of the high school in Washington township, will move to the other room.

GLASS MEN GO TO MARYLAND ON A CAMPING TRIP

A camping party of 25 members will leave here in a special coach for their camping ground near Baltimore Sunday evening. They expect to be in camp for about a month. Owen Arnold is in charge of the party. The majority of the men who make up the party are glass workers, who take their vacation in this way every year.

FINAL STORY TO BE TOLD IN ADVENTURES OF KATHLYN

Today the final story in the series of "The Adventures of Kathryn," the famous novel by a noted novelist, will be shown at the Lyric Theatre. The title of it will be "The Court of Death." According to announcement it will be fully the equal of any of the previous serials. This will only be one part of the Lyric program. "A Cruel Revenge," a Latin two part drama will be featured. Another will be "Actor Finney's Finish," a comedy that is a comedy.

BOON TO THE SMALL BOY "BOB" FITZGERALD DIES TODAY AT HIS HOME HERE

Statless Cars in New York Enable Him to Procure Numerous Free Rides.

No matter what else can be said in regard to the new "statless" cars now in operation on Broadway, they are certainly a boon to the small boy who finds a riding free says the New York Times.

The child at the paymaster's counter is the success of the idea of placing a tin guard over the rear lamp in this instance the tin is of brass and on obtaining free rides by riding on the bumper, have done much to relieve all charges of riding on statless cars without paying the necessary nickel. The small boy, as noted, is most of those inventions.

It goes without saying that it was not an intentional act on the part of the company providing means for the small boy to ride free.

The boy waits for a crowded car at a corner where he notices some one riding free. When the person boards into the car the boy follows, without a ticket. The boy makes sure to hide himself behind the form of an adult. The conductor on his errand fails to notice the boy, and after the car has run on for a number of blocks the conductor cannot be positive the boy failed to deposit his nickel in the box.

AIR AFFECTED BY SOUND

Ventilation and Acoustics of Public Places Seem General Matter of Controversy.

The effect of ventilation on the acoustics of public halls has been a subject of investigation. Architects have found that currents or layers of air of different density interfere seriously with the passage of sound, but that a mass of moving air—if homogeneous—may have little influence. Speakers in front of the stage give especial trouble.

A book by C. Garnier mentions a new Paris theater in which air is admitted near the footlights, forming a kind of curtain between actors and spectators, and much interference results the sound from the stage being weak, while that from the orchestra is intense.

In another theater with ventilation by heated air passed across the stage into the auditorium there was improvement in the acoustic qualities when the ventilating apparatus was working.

Another inquirer concludes that ventilation can have only slight influence in improving acoustics, that parallel layers of air may be particularly harmful, and that a single column of uniformly heated ascending air will affect sound very slightly.

By the Professor.

Professor Jones and Mrs. Jones were both of the type colloquially known as strawberry blonds. In accordance with the immemorial custom of professors' families on small salaries at this particular southern college, the Jones family grew apoc. Mary, the first was born, and her hair came periodically near to being cerise. The trims lost to Mary in respect of red hair by just a shade. Johnny, the next, bade fair at three months to make Mary seem a neutral color. Now, Mrs. Jones longed for just one black-haired one. When the learned professor of ology from the scientific department dropped in for supper, Mrs. Jones almost tearfully propounded to him a question.

"O doctor," she asked, "do you think it must always be hereditary?"

The doctor looked from the aureoles of Professor and Mrs. Jones to the successive four alarms of fire-red hair on the little Joneses.

"Not so much that," he assured her at last, "as redhierarchy."

Putting Them "In Right"

A Canadian who had been on a pleasure jaunt to New York tells of an incident of Gotham's amusement life. He went to the Carnegie lyceum. It's a big place with several different entertainments going on at the same time in various parts of the building. On this particular day they had moving pictures of Victor Hugo's "Les Miserables" on the ground floor and an orchestra concert upstairs. High-brow music-lovers and patrons of the movies would have got all mixed up in looking for their respective places of entertainment if it had not been for a big-voiced negro porter who stood at the stairs to announce in stentorian tones: "Dis way to de Symphony concert. Less Miserable downstairs."

Hook and Eye.

The scene was a teachers' training college; the class one of girls; the lecturer on phonetics a gentleman with a nice taste in sarcasm. "This sound," he said, "has for symbol something even you can remember—a dress-maker's hook; just the ordinary thing you are all familiar with." As he spoke, says the Manchester Guardian, he drew the symbol in chalk on the board, and the worried pupils all laughed. Even they—to borrow the professor's remark—knew that the "hook" depicted was an "eye."

Ozone Stimulates Yeast.

A new application of ozone has just been put into use by brewers. They have discovered that the fermenting power of yeast is greatly increased by subjecting it to the influence of ozone for five minutes. The power develops only after about two days. Ozone has an inhibitive action upon objectionable organisms.

"BOB" FITZGERALD DIES TODAY AT HIS HOME HERE

Robert P. Fitzgerald, aged 45 years and his home at 105 Second street from January 4, at 1115 Oxford this afternoon. He had been suffering for many weeks. Years ago he suffered a dislocation of the right arm in a railroad accident, but this did not deter him from taking an active part in municipal, state and political affairs and at various times he contested for places in the gift of the people.

He is survived by his widow, and the following children: Mrs. Della Bonfield of East End, Pittsburgh; Mrs. Margaret Fuller of Barberton, Ohio; Richard, Jefferson, of Charleroi; Robert at home; Charles of East End, Pittsburgh; Mrs. Helen Haver of Coal Creek; Miss Amy and Miss Elsie at home. Stepdaughters are Miss Alice Record of Charleroi and Miss Evelyn Record of Holyoke, Mass.

Mr. Farmer, Do You Carry a Check Book?

The number of farmers who do is steadily increasing.

We never knew one to give up the practice until he had demonstrated its convenience.

Now, for instance, Mr. A. and Mr. B., neighboring farmers have a deal, and in setting up, cannot make change. They must necessarily wait until one makes a trip to town, or they may find a neighbor who can help them out, all of which takes time. With a check book one may write the exact amount—not a cent more or less—and the deal is closed.

Planting Dahlias.

Old dahlia roots can be planted in fact just as lifted in the autumn, or if very large, they may be divided by cutting down the center of the dead stem and through the live portion at the base. They can be quartered, but all cut portions contain a part of the base of the old stem where the eyes are clustered. Plant in large holes with the crowns of the tubers four inches below the surface. When plants are to be obtained from dealers they should be ordered at once. Prepare the beds now by deep digging, as only poor results will follow planting in poor soil.

Suffrage in Spain.

Emilia Pardo Bazan has announced that she will start in the near future a national campaign in favor of woman suffrage. She is the foremost woman writer in Spain, her literary achievements having won for her the title of countess, which was given by King Alfonso in 1903. Spain is one of the three European countries which have not an organized woman suffrage movement, the other two being Greece and the Grand Duchy of Luxembourg.

BUILDING ACTIVITIES NOTED AT MONESSEN

The report comes from Monessen that just at the present time that town is enjoying an unusual building boom in almost every section of the town. Aside from the residence buildings which are being erected, there is considerable money being put into educational and business structures. It is estimated that more than \$300,000 is being expended in building of this kind at the present time.

It is said that there are other buildings for which the plans are being drawn that will cost about \$100,000. Some of these will probably be built in the near future.

SPEECH WITH THE PRESIDENT

Conversation Was Not Lengthy, But
It Served the Purpose of
Little Judson.

Two friends of long standing met at the club one evening and engaged in a reminiscent talk. Munroe had apparently met everybody in the world, knowing from Mrs. Pankhurst to King George. As for Little Judson, he was clearly outclassed, and he felt keenly. He had always shone in club gabfests, but on this occasion Munroe had him down. Suddenly, however, his face became illuminated with hope. Ever had the president, Munroe?

"Well, no, Judson: I'm sorry to say I have never met Mr. Wilson—that is, as yet. I admire him greatly, but every time I've been in Washington he's been off traveling somewhere. Did you ever meet him?"

"Oh, yes," announced Judson, proudly. "Let him only a short time ago."

"Where?"

"On the links."

"Did you engage in conversation with him?"

"Well—er—in a way, yes. That is, he spoke to me."

"Really? What did he say?"

"Forc," said Little Judson.

That Spring Feeling.
As the first warmth of spring brought a feeling of lassitude, the farmer's wife in older days would go searching through the woods for "yarks" from which to make a brew as a tonic for the whole family. The city man, feeling the lassitude of "spring fever" coming over him, brought from the corner drug store a 49-cent package of "Old Doc" Somebody's spring tonic. But things are changing. Men have learned that the best spring tonics are the gifts of a beneficent nature. A full breath of fresh air, a brisk walk along a grass-grown road, a plunge into the cool waters of the old swimming pool—if the water is pure and cold—or the morning shower; if in the city, fresh green food, or the pursuit of a bounding golf ball over a spring course—these are the real invigorators, true tonics—Rochester Sentinel.

No Danger of Competition.
In L'Esprit des Français is an instance of the sharp, biting wit for which Alexis Piron the French epigrammatist was famous.

A young author whose ability was by no means equal to his conceit was discoursing at length upon the merits of his work.

I am tired of writing of that which others write of," he said. "I want to create an original work, something that no one has ever written about or ever will write about."

Piron turned quickly to the speaker. "Why not write your own eulogy?" he said.—Youth's Companion.

CASE AFTER CASE

Plenty More Like This in Charleroi

Scores of Charleroi people can tell you about Doan's Kidney Pills. Many a happy citizen makes a public statement of his experience. Here is a case of it. What better proof of merit can be had than such endorsement?

Mrs. Louis Vetterly, 235 Prospect avenue, Charleroi, Pa., says: "I had been troubled for years with dropsical swellings in my feet and ankles and I found it hard to get around. I also had a dull, heavy pain in the small of my back and I couldn't do my housework. I seemed to be worse in the morning and often got so sore that I couldn't bend. Rheumatic pains darted throughout my body and I felt tired all the time. I doctored but got no relief and when I was advised to try Doan's Kidney Pills, I procured a supply at Piper's Pharmacy. Two boxes relieved me. I now take Doan's Kidney Pills on and on when I am not feeling well and they never fail to help me."

Price 50c, at all dealers. Don't simply ask for a kidney remedy—get Doan's Kidney Pills—the same that Mrs. Vetterly had. Foster-Milburn Co., Props., Buffalo, N. Y.

THE CHARM OF MOTHERHOOD

Enhanced By Perfect Physical Health.

The experience of Motherhood is a trying one to most women and marks distinctly an epoch in their lives. Not one woman in a hundred is prepared or understands how to properly care for herself. Of course nearly every woman nowadays has medical treatment at such times, but many approach the experience with an organism unfitted for the trial of strength, and when it is over her system has received a shock from which it is hard to recover. Following right upon this comes the nervous strain of caring for the child, and a distinct change in the mother results.

There is nothing more charming than a happy and healthy mother of children, and indeed child-birth under the right conditions need be no hazard to health or beauty. The unexplainable thing is that, with all the evidence of shattered nerves and broken health resulting from an unprepared condition, and with ample time in which to prepare, women will persist in going blindly to the trial.

Every woman at this time should rely upon Lydia E. Pinkham's Vegetable Compound, a most valuable tonic and invigorator of the female organism.

In many homes once childless there are now children because of the fact that Lydia E. Pinkham's Vegetable Compound makes women normal, healthy and strong.

If you want special advice write to Lydia E. Pinkham Medicine Co. (confidential) Lynn, Mass. Your letter will be opened, read and answered by a woman and held in strict confidence.

On a False Trail.

It was Sunday and the plain-clothes cop was indignant as he burst into the saloon.

"I just saw a man leave here with a can under his coat labeled 'Coffee,'" he said.

"Right-o!" replied the bartender. "Don't you know that under section 2147 of the penal code of the state of New York it is forbidden to sell tea or coffee on Sunday? Aren't there enough posters about it around town?"

"Sure I know," said the bartender. "But he didn't have coffee in that can. Honest, mister, he didn't. He brought it in here empty and I sold him a dime's worth of beer."

"A thousand apologies," murmured the cop. "But we have to be very careful, you know. Crime is so rampant."—New York Press.

Laborer Buils Cathedral.

After laboring for 24 years with a penknife a Reckdale (England) laborer named William Pollitt has completed a model of Cologne cathedral. The model covers a ground space of 52 square feet.

Not a single nail has been used in the model, but the whole has been carved out of selected wood and several pocket knives have been worn out.

Some of the pieces of wood used are so tiny that they had to be picked up on a pin point and placed in position.

COUNTRY CLUB IS LATEST IN THIS VALLEY

Believing the upper Monongahela valley will appreciate and support an Auto Country club and fearing one of the best natural sites for such a place may pass out of the possibilities, a number of interested persons are discussing the formation of a company composed of charter members taking over the 40 acre tract containing Lynn's grove, back of Belle Vernon, according to the Monessen News. This plot contains 18 acres of fine woodland for park purposes and 24 acres well cleared and lying level.

Situated on the Webster, Monessen, Belle Vernon and Fayette City trolley line and located centrally for the entire upper valleys it is believed to be one of the most ideal spots for the purpose to be found anywhere. The proposed plan under contemplation, at present is to secure the names of 100 men who will invest from \$300 to \$500 each as a holding company, these to be the charter members.

When it is considered those desiring the accommodations and facilities offered by such a country seat as may be made there may be found from Monongahela to Brownsville, including such other towns as Donora, Monessen, Belle Vernon, Fayette City, California, West Newton and Smithton the 100 or more original investors does not seem improbable.

With the advent of the automobile, eliminating distance, this place could be made both ideal and picturesque. A large public garage, a half mile race track, a 15 hole golf course, tennis courts, baseball grounds and club house would be included in such a project.

Likely before the year is over more will be heard of the undertaking and some definite steps taken toward at least securing and holding the site for such a purpose and improvement.

NOW IN WAR ZONE OF EUROPE WITH CLUB TOURISTS

A Charleroi young woman, Miss Murial Scott, is now in what might be termed the war zone of Europe, with the University Study club of Syracuse, N. Y., she is now touring Europe and the program today calls for a trip on the Rhine river to Bonn, or Cologne. This is in the heart of where turmoil now is. The party came from Switzerland the first of this week. The last letter that was received by the parents of Miss Scott was mailed at Venice, which city was visited during the week of July 13.

HEART BALM ASKED BY PRETTY TEACHER FROM RICH BANRER

Alleging that he jilted her after an eight years' courtship, Miss Clara Shaffer, a Hooversville school teacher in Somerset county has sued Nelson G. Speicher, cashier of the First National Bank of Stoepstown, for \$5,000, alleging breach of promise. The court fixed bail at \$1,500, which was furnished.

Miss Shaffer says Speicher commenced paying his attentions in December, 1906, and that he gave her presents of jewelry after he promised to marry her in December 1907. She says that Speicher introduced her to members of his family as his fiance and permitted her to receive the visits and attentions of no other men acquaintances.

Although she has always been ready and willing to fulfill her part of

the contract, Miss Shaffer avers, and has repeatedly requested him to marry her. Speicher broke the engagement without giving any cause. Miss Shaffer claims that Speicher is of a wealthy family, and although he owns no real estate he possesses considerable personal property, and that her damages exceed \$5,000, though she has suffered irreparable loss in position and character with her family and social circle and has suffered in wounded feelings a loss which no amount of money can ever repay. Miss Shaffer is aged 29 years. Her father, Hiram Shaffer, is dead, and she lives with her mother, Mrs. Frances Shaffer. The defendant is a son of Hiram Speicher, a retired farmer, of Lincoln township, and a brother of Dr. George Speicher, a Rockwood, (Pa.) physician.
